## GREENHILL TEMPLE CELEBRATES BIRTHDAY

As rainmakers the Knights of Pythias have Hatfield faded. During the past couple of weeks parties were arranged for at various points in Alberta and on the dates set rain and snowstorms set in only to abate when everyone had fully recovered from the after-effects. A rainstorm prevailed locally on Friday last, but despite the torrents devotees of Pythianism, ladies and gentlemen, ventured out and came from far and near to the local Castle Hall, where they became the guests of Greenhill Temple, Pythian Sisters. No less than six auto loads arrived from Michel and Natal, about eight ladies and gentlemen from Corbin, quite a number from Hillcrest and Coleman, so that an assemblage of fully one hundred were present to witness the degree work conferred by the local temple. Following the degree work, speeches were made by some of the visitors, and after the meeting tables were spread with all the good things one might desire. A dance followed the banquet and each and all of the visitors declared themselves pleased with having been present. This meeting took the form of the anniversary of Greenhill Temple. Just a year ago, the Temple was formed in Blairmore, and since that time has experienced one continuous round of successes. Mrs. J. Wolstenhouse is the M.E.C. for the present term and is assisted by a most energetic and capable staff of officers and degree characters.

The Cosmopolitan Hotel at Blairmore, and the Empire Hotel at Coleman, were the first in this district to receive licenses under the new Alberta Liquor Control Act and are now opened up for the sale of beer to consumers.

## BOARD OF HEALTH APPOINTED

The regular meeting of the Town Council on Monday night was attended by all members and the mayor.

The minutes of previous meeting were approved as read; and the following accounts, aggregating \$2000, were passed for payment, subject to approval by committees: A. Decoux \$16, T. Baxter \$15, D. Martin \$15, C. Slopek \$17, W. Hunt \$17, C. Canet \$4, C. Bouthillier \$16, S. Stevenson \$16, J. Uhren \$16, M. Rossi \$16, E. Faharhust \$16, E. Picard \$11, S. Martin \$16, A. Michelaga \$16, M. Martini \$16, A. Lonetti \$18, B. Serinadi \$18, L. Rae \$16, E. Allard \$16, J. Canet \$16, A. Amatto \$16, H. J. LaFrancoise \$16, C. Fauver \$37, A. Chalf \$4, W. Willoughby (part payment on street contract) \$250, J. Davis \$12, J. Stafford \$40, R. Crayford \$450, M. Stiegler \$9, G. Patterson \$22.25, D. McLennan \$14.75, E. J. Pozzi \$1647.76.

Councillor Gillis gave notice that at the next regular meeting of the Council he would introduce a by-law to amend By-Law No. 10, respecting licenses.

Prov. Sanitary Inspector Phelps was present at the meeting and reminded the Council of the necessity of having a board of health and the Mayor forthwith appointed J. A. McDonald, A. E. Ferguson and J. Montalbetti, together with the medical health officer to constitute that board.

Mr. Phelps then enquired as to the nuisance ground, explaining that the ground at present in use was almost inaccessible and not altogether satisfactory and asked the new board to come with him next day to look up a new location. We understand that the proposed site is directly south of the brick yard, along the Beard Camp road, which is very easily reached and very desirable. The board will bring in recommendations at the next meeting of the Council.

## BLAIRMORE SECURES MAMMOTH COAL WASHING PLANT

The West Canadian Collieries, through their head office in France, has decided to erect a coal-washing plant in connection with their Greenhill tipple at Blairmore, and the foundation work was commenced last week.

The new plant will involve an outlay of considerably over \$100,000 and will be an immense asset to the district.

Contractor E. J. Pozzi has been awarded the masonry sub-contract.

## ODDFELLOWS MEMORIAL SERVICE POSTPONED

Owing to the storm of Sunday last, it was necessary to postpone the annual decoration and memorial services of the L.O.O.F. at Coleman. We understand that Sunday, June 29th, has been decided upon.

## SUNDAY NEXT MEMORIAL DAY FOR BELLEVUE L.O.O.F.

Oddfellows and Rebekahs will observe Memorial Day at Bellevue on Sunday next, assembling at the hall at 2 p.m. preparatory to parading to the cemetery at 2.30, where the usual service of decoration, etc., will take place. All members of the order are requested to be present.

Similar services will be held at Blairmore on Sunday, June 22nd.

## MINE INSPECTOR APPOINTED

Mr. Moses Johnson, late inspector of mines in the Lethbridge district, has been appointed to the vacancy in Crow's Nest district created by the death of Mr. James Crowder and enters upon his duties at once.

The fishing season opens on Sunday next.

## Save Your Gas

By installing a Thermostatic Automatic Carburetor-Control attachment on your Ford Car. It will enable you to make, by actual test, from 33 to 45 miles per gallon of gasoline, the only real gasoline saver on the market. The Control will soon be on the market for all makes of cars. The attachment can be seen at our shop. We have been appointed distributors for the Crow's Nest Pass district.

Agents wanted.

## WORLD HAPPENINGS BRIEFLY TOLD

Bulgaria will pay \$5,000,000 toward the cost of allied occupation. Premier Macdonald announced in the House of Commons.

More than 50,000,000 bushels of wheat have been shipped from the port of Vancouver since the first of the season. This constitutes a record for one elevator.

Noel Duxton, British minister of agriculture, stated in the House of Commons that conditions in connection with the epidemic of foot and mouth disease among animals were continuing to improve.

George A. McCarthy, an American sailor, was jailed at Thessalon, Greece, for wounding a Turkish subject, who he accidentally dropped his pistol while on guard, according to advices to the navy department.

The disappearance of Frank Chafin, 30, of Transcona, Man., who had been missing since March, was solved when his body, hanging by the neck from a rafter, was found in an old barn near his home.

Notice has been received by the Victoria Chamber of Commerce from Ottawa that arrangements have been made with the United States postal authorities for Victoria mail to be carried on the aerial service between Victoria and Seattle.

Shipping companies have already booked 60,000 emigrants from the British Isles for passage to the United States during the coming year, according to reports which have come to the United States Consulate-General Robert P. Skinner.

William Marconi spoke from Poldhu, Cornwall, to Australia, an airline distance of 10,000 miles, by radio telephone according to the Daily Mail. Transmission occupied one sixteenth of a second and was acknowledged by cable.

## A SPLENDID LAXATIVE FOR THE BABY

Mothers should constantly be on guard to keep baby's bowels working freely and his stomach sweet, for nine-tenths of the ailments from which little ones suffer are caused by derangements of the stomach and bowels. Baby's Own Tablets are a splendid laxative for the baby. They are mild but thorough; contain neither opiates nor narcotics, and are absolutely guaranteed to be safe and efficient, for either the new-born babe or the growing child. By their action on the bowels and stomach they drive out constipation and indigestion, break up colds and simple fevers and make the distressed teething period easy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Prince Henry's New Job

Prince Henry, the third son of King George, has a new job. It carries with it the annual salary, at current exchange rates, of \$13,655. His new office is Lord High Steward of Kings Lynn, a Norfolk town of 20,000 population. In the past this post has been an honorary one, but when, as it is expected will occur shortly, Prince Henry becomes a member of the peerage, he will be regarded as semi-official representative of King's Lynn in the House of Lords. Incidentally, he will not benefit from his £10 yearly, as he has announced this will go to charity.

## SUNDAY SCHOOL LESSON

JUNE 15

### THE RETURN AND THE REBUILDING OF THE TEMPLE

Golden Text.—Comfort ye, comfort ye my people, saith your God. Isaiah 40:1.

Lesson.—Ezekiel, Chapters 1, 2 and 3.

Devotional Reading.—Psalm 136.

The Text Explained and Illumined.

Preparations for Rebuilding the Temple, 3:8, 9.

The Temple was to be the Jews' what the Pyramids were to the Egyptians, the Parthenon to the Greeks, the Colosseum to the Romans, St. Peter's to the Latins—but it was more.

It meant to the Jews what the cross means to the Christian (William S. Mitchell). In the spring following the return to Jerusalem (see The Historical Background), Zerubbabel the governor, Joshua the high priest, priests, Levites and people began preparations for rebuilding the temple by appointing the Levites over twenty years of age as overseers of the work.

The first temple was the work of King Solomon. The people were obliged to supply him with necessary money and labor. This second temple was the work of the people themselves. The leaders are obscured by the presence of Zerubbabel, the named, unnumbered people of the more democratic character of this second movement was for the health of the nation.

Men receive more help by a permanent sort from that which they do themselves than from the most elaborate results achieved for them by the generosity of others. The pauperization of spirit which results in any church where some generous men alone stand ready to relieve the congregation from the necessity of bearing its own spiritual life is the price of the commitment of a great interest to the task and the way of the church is the way of the church.

The commitment of a great interest to the task and the way of the church is the way of the church.

The commitment of a great interest to the task and the way of the church is the way of the church.

**The Substitute**

"A doctor was called in to attend a working man. Having done all he could for the time being, he told the patient's wife to take her husband's temperature in the morning. On the following day, when the doctor called, he asked if she had done as he told her. "Well, we hadn't a thermometer in the house," she said, "but I put the barometer on his chest and it went to 'Very Dry,' so I gave him a pint of Silver Spray beer and he's gone to work."

**WANTED TO BUY** — Tent, size about 8 by 10. Apply to Room 6, over Sun Cafe.

A wedding of considerable local interest will take place on Tuesday next.

### Presented President with Steel Spike

George Munro, pioneer track layer of the Canadian Pacific Railway, received birthday congratulations on May 21 from Mr. E. W. Beatty, during the latter's recent visit in Vancouver. This meeting between one of the oldest employees and the executive head of the Canadian Pacific also marked the forty-ninth anniversary of the turning of the first sod on construction at Fort William in 1875, an event at which George Munro was present.

Another interesting co-incidence in connection with the meeting is the fact that the B. S. Quebec, which carried the handful of construction men including Mr. Munro, from Sarnia to Fort William, in May 1875, was owned and operated by the Beatty Steamship Line, of which Mr. Beatty's father, the late Mr. Henry Beatty, was president.

In 1881 when construction was begun on the last lap of the company's line between Yale, B. C. and the Coast, Mr. Munro was given a "go" of track laying at Emery, B. C. and when the last and famous "go" spike was driven at Crater Lake by Lord Strathcona in 1885 he took possession of the steel spike which replaced the gold one and after treasuring it for the past 39 years as a keepsake presented it to Mr. Beatty.

If you have not viewed the wonderful Niagara Falls, it might be as well to visit the great cataract before it disappears. A Toronto professor states that it is receding at the rate of four and a half feet per year and in the course of a few centuries may be reduced to a shallow rapids.

See the large posters executed from the office of The Enterprise this week for the Christie Grant Co. This order was filled within twenty-four hours and we defy any outsider to beat it.

"Pa," said Little Willie, "what is the difference between a magnet and a magnate?" "A magnet, Willie, is a metallic substance, generally iron, which will attract certain metals, but not gold and silver. A magnate is a metallic substance, invariably of brass, which will attract gold and silver only."

The many friends of Mrs. S. Trono will be pleased to learn that her condition is rapidly improving and that she is now past the danger point.

### HEIRS WANTED

Missing Heirs are being sought throughout the world. Many people are today living in comparative poverty who are really rich, but do not know it. You may be one of them. Send for Index Book, "Missing Heirs and Next-of-Kin," containing carefully authenticated lists of missing heirs and unclaimed estates which have been advertised for, here and abroad. The Index of Missing Heirs we offer for sale contains thousands of names which have appeared in American, Canadian, Scotch, Irish, English, Welsh, German, French, Belgian, Sweden, Indian, Colonial, and other newspapers, inserted by lawyers, executors, administrators. Also contains list of English and Irish Courts of Chancery and unclaimed dividends list of Bank of England. Your name or your ancestor's may be in the list. Send \$1.00 (one dollar) at once for book.

### Here and There

British Columbia's agricultural production last year increased in value \$4,000,000 over the 1922 period, figures compiled by the provincial Department of Agriculture show.

A steady increase in the volume of wheat exports from Canada is noted in the monthly statement just issued by the Dominion Bureau of Statistics. In April, 1924, 5,065,465 bushels in all were exported, as against 5,148,304 in April, 1923.

It is anticipated that hundreds and thousands of visitors to the beautiful Annapolis Valley, Nova Scotia, will help to celebrate the famous fruit-district's "Apple Blossom Sunday," which falls on June 8th this year. The entire orchard belt, extending from Annapolis Royal to Windsor, a distance of about 80 miles, is always white and pink with blossom in the first part of June.

Hon. Honore Mercier, Minister of Lands and Forests, speaking of arrangements made in the province for forest protection this year, stated: "I really believe that the way the service is organized and with the good-will manifested by all classes of the community, who realize the importance of protecting your national domain, the year will be a good one and the losses reduced to a minimum."

The report of the statistician to the board of grain commissioners for April, recently issued, records the heaviest spring great lakes shipping season on record. The report all the surplus of the western crops will be moved as fast as transportation facilities permit, as export purchases are to be heavier than usual and all ocean tonnage out of Montreal for May and June has already been engaged, as well as part of the July loading.

Something new in the way of railway equipment is the new storage battery car now operating over Canadian Pacific lines between Galt and Hamilton. The car attains a speed of 35 miles per hour and makes two trips a day in each direction. It has three compartments, general, passenger, smoking and baggage, is of all-steel construction and will accommodate 50 passengers. The service is reported to be giving every satisfaction to the people of the district.

Interviewed in Vancouver as to the success of the round-the-world cruise completed on May 24th by the "Empress of Canada," E. W. Beatty, said:

"To gauge the success of the 'Empress of Canada's' round-the-world cruise one has only to ask the passengers their opinion of the en-

### Here and There

Shipments of grain from the Grande Prairie and Peace River districts over the Edmonton, Vancouver and British Columbia Railway during the past season have totalled 3,471,000 bushels of wheat and 1,700,500 bushels of other grains.

The longest solid train of red cedar edge grain shingles ever hauled across the continent, from Vancouver, B.C., recently for Chicago and the Eastern States. Several other long trains of this material will be shipped in the near future by the Hunting Merritt Lumber Company, by whom the consignment was forwarded.

The itinerary of the personally conducted tour of the Canadian Teachers' Federation, on route to their annual convention to be held at Victoria, B.C., August 13th-16th, has just been announced. Starting from Toronto, a special train for the teachers will proceed west by Canadian Pacific Railway, halts being made at Western Canada's chief points of beauty and interest. It is expected that about 150 will make the trip.

That Sweden is capable of sending 25,000 men to Canada as immigrants yearly was the statement of Otto Elander, prominent Swedish actor, when in Montreal recently. Mr. Elander is touring Canada with the object of studying conditions as they exist in Swedish settlements here and reporting upon them to his fellow-countrymen, desirous of immigrating to this country.

IN THE DORIC—AMUSING  
EVIDENCE IN BANFF COURT

(From The Aberdeen Weekly Journal)

"Oh, Maybe—It Might."

Amusing evidence was given in a case in Banff Sheriff Court, before Sheriff More—How many evenings Gardner, farm servant, Wester Whyntie Cottages, Boyndie was charged with having, between June 1, 1923, and March 16, 1924, in Whyntie Hill plantation cut down and stolen 16 fir trees to the value of £2 or thereby.

Accused pleaded not guilty, and was represented by Mr. J. D. Paterson, solicitor, Banff.

John Craik, Whyntie Cottages, said he saw accused carrying home trees several evenings.

The Fiscal (Mr. J. Kinnock)—How many evenings?—Two or three.

Might it have been a dozen?—It might.

Might it have been twenty?—Oh, maybe.

So 'two or three' might be twenty?—Oh, ye.

Sheriff More—How many evening did you see accused?—Oh, six or seven.

The Fiscal—I want a straight answer. How many times did you see him?—Three or four times anyway.

Was the time spread over weeks?—Yes.

Was it spread over months?—Aye. How did you know that the trees were being stolen?—I saw them 'eerin' away.

Aye—No—Aye—No.

Mr. Paterson—How many trees were taken out of the wood?—About 2.

Was it in June?—Aye.

Was it in July?—Aye.

Was it in September?—Aye—no—ye—no, nae in September.

Are you just talking at random and answering yes and no according to what comes into your head at the moment?—I'm tellin' fat A saw, an' it's a' A've to say.

Are you thinking or just looking

when you are staring like that?—A'm thinkin' an' lookin' tee.

How many times did you see accused with trees?—Fuckles o' times, as A tell't ye already.

How many times?—A'm nae tae count them.

Maybe five times?—Aye.

The Sheriff—ten times?—Aye.

Mr. Paterson—Do you speak to accused?—A' never speak till 'im, 'an charged with 'im whyles tea. Diana speer sic a lot. A' ken naething about it.

Do you know Muir of Rettie Wood?—Aye.

Will we say it is 30 yards from your house?—Ye can say fat ye like.

The Sheriff—Why cannot you be more frank?—Because he's speerin' stuff A' ken naething about.

The Sheriff—You now know how far away it is?—No, A' dinna.

Depends.

Mr. Paterson—Would it take an hour to walk it?—It depends the wye ye gang.

The Sheriff—Are you trying to be funny? Because you are not succeeding. You are only being very stupid and not frank enough.

Mr. Paterson—Was accused carrying more than one length at a time?—It wis o'n tae foo big they war.

How many lengths are there in a tree?—It's o'n tae the size o' the tree.

What did you go through the wood for?—Whyles tae dee business an' whyles tae tak' a look.

The Sheriff—Don't be so slow in giving answers. You are not doing yourself any harm—A' ken A'm nae deen' mysel' ony bairn.

After hearing other evidence the Sheriff found the charge proved. The evidence had been peculiar, and was due no doubt to the well-known dislike that people had to getting involved in criminal court proceedings, and because they were neighbors. It was clear that some of the witness were prepared to say nothing, and if they had to sneak, to say as little as possible. The fine would be one of 40s.

—Aye.

—Aye.

—Aye.

—Aye.

—Aye.

—Aye.

—Aye.

## COWLEY HAPPENINGS

James Leigh was a Fernie business visitor on Saturday.

Mr. Morgan, school inspector, paid a visit to the Cowley school on Monday and found everything in good shape.

Miss Nellie McWilliams and Miss Bernice Anderson have both resigned their positions as teachers of the Cowley school.

The last monthly meeting of the Ladies' Aid of the Presbyterian church was held on Thursday afternoon at the home of Mrs. Robert Littlejohn. The meeting proved an interesting one.

The farmers are feeling more hopeful since the recent rains, which have given the ground a thorough soaking.

Mr. J. Jack, manager of the Union Bank here, has gone to another branch, where he will continue his work. We wish him every success.

Mrs. James Leigh gave a children's party at her home on Saturday afternoon, celebrating her little daughter Verdun's eighth birthday. The tables were beautifully decorated for the occasion and refreshments were served in a very dainty and artistic manner, at which Mrs. Leigh excels.

A large crowd of the little folk turned out and each came laden with a present for Verdun, while each of the little guests received a present in return in some unique manner. The kiddies report a swell time.

A dear old lady, says the Tatler, was spending a holiday at Southampton and with some friends was being shown over one of the big transatlantic liners just before its departure.

"What's that down there?" she inquired of the captain.

"That's the steerage, madam," he replied.

"Dear me," she exclaimed in astonishment, "and does it really take all those people to make the boat go straight?"

PROMPT DELIVERY

## HILLCREST HAPPENINGS

Mr. J. F. Royle left today to spend a few days in Calgary.

The editor of the Blairmore Enterprise was seen in town on Monday. What for?

The regular convention of Mizpah Lodge, Pythian Sisters, took place in the Castle Hall on Tuesday night.

Another new car owner has been added to the Hillcrest list. Mr. W. Rose has purchased an Oldsmobile Six through Fumigali Brothers, the local district agents.

Mr. and Mrs. J. O'Neil, of Blairmore, were visitors to Hillcrest on Tuesday, leaving the same day. After their departure, a thorough examination was made, the result to be made known later.

Two of Hillcrest's most confirmed bachelors, in the persons of D. Convery and E. B. Jones, have recently decided that single blessedness is not what it is cracked up to be, so they are now running in double harness, the latest wedding being Teddy Jones and Mrs. Pratt. Good luck to all four.

The Hillcrest juvenile footballers in charge of Ed. Royle and it. Creighton, journeyed to Coleman with intention of playing Coleman juveniles, but when they arrived on the field found a few pretty old youngsters with the Coleman outfit—an old trick of Coleman's. Not to be daunted, Hillcrest took the field, but of course, were swamped by size and weight, the result being 4 to 0 in favor of Coleman and they had to work hard for every goal at that. When it comes to foot work they were beaten to a frazzle. The return match will be at Hillcrest on Saturday, when a different tale will be told. If the juveniles of Bellevue and Blairmore feel like a game, let Hillcrest know by communicating with either Jim Price or Ed. Royle.

BLAIRMORE MAYOR TO  
BE HONORED GUEST

Mayor McLeod is in receipt of the following invitation:

"His Worship the Mayor of Victoria, Reginald Hayward, Esquire, and His Worship the Mayor of Vancouver, W. R. Owen, Esquire, request the honour of your company at the Official Reception to the British Service Squadron, to be held at Victoria on June the twenty-first, and Vancouver on June the twenty-fifth, nineteen hundred and twenty-four.

R.S.V.P. to Hon. Sec. of the Entertainment Committee, Mayor's Office, Vancouver, British Columbia."

We understand that Mayor McLeod has accepted the invitation and will be present at Victoria and Vancouver on above dates.

## CORRESPONDENCE

Hillcrest, June 11, 1924.

Dear Editor:

I noticed your reference last week in regard to Ed. Royle and his eleven children. Such was most unfair to Mr. Royle, for he ain't got eleven of his own. I think he has only six, but that's not the point. You had better clean your own shirt and hang it out today, before slamming some other body, but you are too scared to do even what your own father did. Fancy a man like you at your age walking about with neither hen nor chickens—no one to caress you or put a poultice on when you happen to hurt yourself. But I don't think you are even existing, never mind living. Where do you expect to die when you go to.

Yours truly,  
Dry Shirt.

See the large posters executed from the office of The Enterprise this week for the Christie Grant Co. This order was filled within twenty-four hours and we defy any outsider to beat it.

SUCCESS OF FORMER  
BELLEVUE GIRLS

Readers of The Enterprise are interested to note the success of a former old-time family of The Pass.

This month has seen the graduation of three daughters of Mrs. Drake, formerly Mrs. Cawthorne, of Bellevue, who are now residing at Victoria, British Columbia. The eldest daughter, Anne, who taught a year, both at Hillcrest and Passburg, graduated from the Vancouver hospital. She has had a splendid record and finished her three years' work with a standing of 95.7, ranking third in a large class. The second daughter, Winnie, graduated with the

degree of B. A. from the University of British Columbia on May 10th. She was awarded the "Anne Westbrook" scholarship, which is given the student showing special aptitude for post-graduate work. Winnie will continue her studies in the University at Berkeley, California. She has had a fine career, having taken part in the interesting debates, been president of the Women's Literary Society and a member of the Historical and Social Clubs of the B. C. University. The youngest daughter, Margaret, who completed her high-school training in Victoria, completed a most successful year at the Provincial Normal School and on May 30th was awarded her teaching certificate. The three girls expect to spend the summer with their mother at their home in Victoria, where Mr. and Mrs. Drake are engaged in business.

The new Banff-Windermere road over the crest of the Canadian Rockies from Banff westward, connecting with the popular Crows' Nest Pass route, was reopened to traffic last week, and large numbers of tourists are daily passing through Blairmore, who are taking advantage of the scenic route. National park resorts have also been opened at Waterton, Banff, Lake Louise and Jasper.

## Let Us Understand One Another

The need for a better understanding and a closer union between the East and West of Canada is a common topic of conversation when citizens from the two sections meet. It is a subject of innumerable newspaper and magazine articles. It is a favorite theme with speakers before Canadian Clubs and other bodies. The views expressed are invariably approved and applauded by those to whom they are addressed. It may be assumed, therefore, that it is the desire of the average Canadian that this better understanding should be reached, and a more truly national spirit and sentiment developed throughout the Dominion.

But before the people of Canada can begin to think nationally, they must first cease to think in terms of their own particular little community, and of their own selfish interests. Even more must people realize that, because some certain policy or undertaking will directly advance their interests, it does not follow that the adoption of such policy would be in the interests of Canada as a whole. And, on the other hand, people must realize because they, or their particular community, do not stand to derive direct benefits from some policy or undertaking, that is no reason why they should oppose policies which will admittedly greatly assist other portions of Canada and add to the national development and progress.

That is to say that the much-to-be-desired better understanding between the East and West of Canada cannot be realized simply by stressing its need and importance. It can, and will, only be brought about when a less narrow view is entertained by the majority of Canadians; when a broader national viewpoint and vision is accepted; when a spirit of compromise is recognized and acted upon.

The loudest preachers of national unity are to be found in Toronto, and by the same token the most conspicuous of how that national unity is to be promoted are entertained in the same city. Thus a Toronto weekly publication with a Dominion-wide circulation devoted a whole page of a recent issue to an illustrated article in opposition to the completion of the Hudson's Bay Railway as an outlet for Western products. But this same paper is a strong advocate of the deepening of the St. Lawrence in order to admit ocean-going vessels to the Great Lakes of our Eastern cities.

This Toronto paper also argues for the placing of a practically prohibitive duty on out-of-season fruits and vegetables from the United States, and in favor of the development of trade in tropical and semi-tropical fruits with the British West Indies. Even assuming that such a policy would work no hardship on the people of Eastern Canada, what about the West? Is the West to be denied such fruits and vegetables altogether, or are our people to be made to pay the cost of haulage from the Atlantic seaboard in refrigerated cars? Can this paper not broaden its vision to encompass the whole Dominion, and realize that what might prove all right for the East does not necessarily apply to other parts of Canada?

A third example of narrowness of vision is revealed by this Toronto paper when it charges that it is the declared intention of Messrs. Cregar, Forke, Hoey and other members of the Progressive party to "make war on industrial Canada." These gentlemen believe the best interests of Canada as a whole demand a lowering of tariff duties on the basic implements and needs of production, but that does not mean they are engaged in the task of "destroying the manufacturing industries of the Dominion." Any such charge is both dishonest and untrue, and the making of such allegations is not calculated to bring about that better understanding and national unity which the Toronto journal desires.

It would be just as reasonable to charge that, because it is the declared intention of Eastern manufacturers to fight for the retention of every bit of tariff protection they now enjoy, and to secure as much more as they can, they are animated by a desire to destroy the industry of agriculture in this country.

Neither the East nor the West are alone to blame for this lack of national unity, for the narrowness of vision which is so often displayed. Responsibility for the prevailing sentiment must be borne by all. Nevertheless, we believe it is solely those of the East who are to be held responsible for the broad-minded and far-seeing that the people of the West are much more broad-minded and far-seeing than those of our Eastern cities.

The original settlement of these Western Provinces was by men and women from the Eastern Provinces. They are still the backbone of the West notwithstanding the influx of other peoples. They know both the East and the West, whereas the average Easterner who came West have learned by actual experience, not theory, the traditional policies accepted and favored in the East will not meet our broad Dominion-wide requirements.

It is because of their larger national outlook, and their better knowledge of Canada and Canadian conditions as a whole, that the people of the West are determined to bring about needed changes and reforms. It is through an amity to the East, but because of a love for, and a desire to advance the general interests of the Dominion of Canada from coast to coast.

### Ocean Telephone Line

Ready in November

Will mark beginning of service between New York and London.

Some time in November a New York business man will lift the receiver off his telephone and speaking into the mouthpiece will exclaim: "Hello!" At the same instant a London business man will speak into a telephone in the British capital, inquiring, "Are you there?"

This, the American Telephone and Telegraph Company announced would mark the beginning of regular telephone service between New York and London. And, what works between these two cities can operate just as successfully, in time, between New York and Paris, Venice, Constantinople and Rio de Janeiro.

A dispatch from London announced that Great Britain, through its postal department, intended to establish a 200-kilowatt radio telephone plant at Rugby. It will be similar to that used for the last eighteen months by the American Telephone Company, New York, and the Radio Corporation of America.

### Courtesy

"You have heard what the last witness said," persisted counsel, "and yet your evidence is to the contrary. Am I to infer that you wish to throw doubt on her veracity?"

The polite young man waited a deprecating hand. "Not at all," he replied. "I merely wish to make it clear what a liar I am if she is speaking the truth."

## CHILDREN CRY FOR "CASTORIA"

A Harmless Substitute for Castor Oil, Paregoric, Drops and Soothing Syrups—No Narcotics!

Mother! Fletcher's Castoria has been in use for over 30 years to relieve babies and children of Constipation, Flatulence, Wind, Colic and Diarrhoea; also Feverishness, teething, etc., by regulating the stomach and bowels, and the natural

### Apple Recipes

Government Bulletin Shows How to Prepare Apples in Various Ways

The charge is sometimes made that the Canadian people do not fully appreciate the coöperation of their own fruit. In competition with other countries in the markets of the world, the Canadian apple stands high. Indeed, the Canadian exhibit of fruit at the Imperial exhibition recently opened in London, is attracting unusual attention and favorable comment. While it is regarded as important for the prosperity of the Canadian orchard industry that we have a good export trade, it would seem incongruous for our people to continue to import a large number of the kinds that are available at home. Everyone, it is true, is not a lover of apples eaten out of the hand, but there are few who do not relish cooked fruits prepared and served according to the best practices. With a view to securing a greater home consumption of Canadian apples, which is understood to have a salutary effect upon the health, the department of agriculture at Ottawa has issued in Bulletin No. 52 a series of recipes for their use in various ways. The bulletin, available at the publications branch, names the apples that are specially good for cooking, for dessert. Apples are also classified according to the season in which they are best for use.

St. Paul's Cathedral, London, contains the chapel of the Order of St. Michael and St. George which is only used once a year.

### CHILDREN CRY FOR "CASTORIA"

A Harmless Substitute for Castor Oil, Paregoric, Drops and Soothing Syrups—No Narcotics!

Mother! Fletcher's Castoria has been in use for over 30 years to relieve babies and children of Constipation, Flatulence, Wind, Colic and Diarrhoea; also Feverishness, teething, etc., by regulating the stomach and bowels, and the natural

### For Protection Of Wild Life

To Teach Manitoba Children Value of Insectivorous Birds

A plan whereby school children would be taught the value of insectivorous birds is now under consideration, according to Charles Young, of Vinson, wild game guardian for Western Manitoba. The proposal is that arrangements be made whereby the wild game guardian or other qualified speaker, deliver short addresses in country schools.

Mr. Young takes the position that unless such birds are protected, it will become necessary to adopt some other methods of destroying insects. He had no doubt that children robbed the nests innocently, rather than willfully, add would not do so if they were aware of the value of such birds to the community as a whole.

Mr. Young stated that there is no need for particular anxiety regarding the busy beaver and the muskrat these days, their furs are of no value at this time of the year, and this fact alone renders them of all the protection that is desired.

He remarked on the fact that beavers are not nearly so plentiful as they used to be. There are quite a number along the Assiniboine River, but these animals are rightly protected at all times.

There are but few deer in Western Manitoba now, said Mr. Young, and this number is becoming less every year. He thought that these fine creatures should have been protected long ago, as there is now a danger of their becoming extinct in this part of the country, and that in the not far distant future.

### Fish That Live For Centuries

Pike and Carp Have Reputation of Being Longest Living Fish

It is asserted that four golden carp recently removed from a pond in Hampton Court Park, London, are two hundred years old.

Recent researches go to show that cold-blooded creatures live longer than those that are warm-blooded, and that if their lives are not terminated by accident they may in some cases be measured by centuries.

The great tortoise of the Galapagos Islands have certainly an immense span of life. They grow to an enormous size, the record weight being 870 lb. Since their growth is exceedingly slow, such a creature as this may possibly have lived for over five hundred years.

Among fish the pike and the carp have the reputation of being the longest lived. The historic case is that of the carp found in a pond in Swabia (an early duchy of Germany) in 1497. It had in its gills a metal ring bearing these words in Latin:

"I am the first fish that was ever put into this pond by the hand of Frederick II, Governor of the World, on the 5th day of October, A.D. 1230." If the story is true, this fish lived at least 267 years.

Goldfish have lived in captivity for more than half a century. In 1914 there were fish in the Royal Aquarium at Petrograd which were known to be 140 years old.

### Utility Of Yucca Tree

Good Toilet Soap Made From Brittle-Like Spines

The yucca tree, which is indigenous to the deserts of Arizona and New Mexico, is very useful to man. It has no leaves, but each of its branches terminates in a knob from which springs a huge bunch of long, brittle-like spines. One of the most delightful of toilet soaps is made from the spiny branches, which are boiled to extract saponaceous substances. This species of yucca has long been known to Indians as the "soap tree." When they want to wash themselves, or their garments, they simply take a piece of the yucca to the nearest convenient water and rub it with their hands, thus obtaining an immediate and profuse lather. The brittle bunches make a very superior cattle food.

The Oil for the Athlete.—In rubbing down, the athlete will find Dr. Williams' Electric Oil an excellent article. It renders the muscles and sinews pliable, takes the soreness out of them and strengthens them from strains that may be put upon them. It is made pre-eminently for this purpose, and athletes who for years have been using it can testify to its value as a lubricant.

### Alberta Cattle Shipments

Cattle shipments from the Calgary district in the first quarter of the present year showed a big increase over those of the corresponding period of last year, the figures being 8,423 for 1924, as against 524 in 1923, the values being \$11,544 and \$26,390 respectively. California is now the principal destination, there being shortage of cattle there owing to drought.

Minard's Liniment, the Athlete's Remedy.

## The best Tobacco for the pipe

### Burning Money

Use of Oil of Vital Necessity in Time of War

Petroleum may not be first in importance among the raw materials of war, but it takes high rank, and Viscount Curzon's remark that "the Allies floated to victory on a wave of oil" merely gave an epigrammatic form to a self-evident fact. No modern navy can put to sea without oil and no air force can operate without it. Recognizing that, every first-class power is reaching out for its own supply of the precious fluid, securing under its own control, and holding with the utmost tenacity every oil-bearing area over which its influence has once spread.

While we still continue the world's largest producers, and sell our product to other nations that they may conserve their own supply, geologists estimate that a continuance of the present rate of production would lead to the total exhaustion of American deposits of liquid petroleum in less than a generation.—Boston Transcript.

### The Druggists All Agree That "Putnam's" Is Best

The oldest corn remover on the market is Putnam's Corn Extractor, and it is the best. Your corn will all drop out after a few treatments with this painless remedy. Failure impossible. Refuse a substitute for "Putnam's," 25c everywhere.

### Railways Bigger Business

The railway of Canada up to the end of last April earned \$4,000,000 more than they did for the corresponding period in 1923. This favorable result is due entirely to the fact that the people have been doing more business. Commercial activity is largely translated into tons of freight to be hauled. The measure of that activity is directly reflected in the up and down of railway traffic, and during the past three months the tendency has been definitely upward. All authorities are agreed that such a condition means growing trade.

## A REAL NERVE TONIC

Is a Bountiful Supply of Rich Health-Giving Blood

Sufferers from physical weakness, as of nervous debility find themselves tired, more, low-spirited and unable to keep their heads on anything. Any sudden noise hurts like a blow. They are full of groundless fears and red, watery eyes. Their hands tremble, the legs feel as if they will give away following a walk or a run. They have definitely become disturbed by the most trivial incidents.

Indoctrinating the nerves with poisonous sedatives is a terrible mistake. The only real nerve tonic is a good supply of blood, and blood can be secured only by Dr. Williams' Pink Pills which have a direct action on the blood and through it stimulate every nerve, and organ in the body. Mr. Alpheus Merritt, Fenwick, Ont., gives his experience with this medicine as follows: "I had a nervous breakdown and was in the Westland Hospital for some time. As I was not improving my husband took me out and took me up to my mother's. I declared there but it did not help me. Then I returned home, and was again under a doctor's care, but with no better results. I would tremble and get numb all over, and the least noise would affect me. I was quite unable to do my housework, and was in a terrible condition. Finally I was advised to try Dr. Williams' Pink Pills, and am thankful that I did so, as after taking about a dozen boxes I was again a healthy woman. I have used the pills since then turning my baby, with equally good results, and I strongly advise other ailing women to try them."

You can get these pills through any dealer in medicine, or by mail at 50c a box from Dr. J. C. Dr. Williams' Medicine Co., Brockville, Ont.

### Pool Fruit Sales

Pooling of fruit sales under the Associated Growers, Limited, of British Columbia, will continue, and 83 per cent of the tonnage in the Okanagan Valley actually has been signed up, according to a statement by the directors.

When Holloway's Corn Remover is applied to a corn it kills the roots and the callus comes out without injury to the flesh.

### How To Treat Your Town

Too Many Obstacles In Way Of Viscount Goto's Rebuilding Scheme

The dream of Viscount Goto for the reconstruction of shattered Tokio, according to the most up-to-date and scientifically proved efficient principles of town planning, is never likely to materialize.

Viscount Goto, who is regarded as one of Japan's ablest administrators, with a long record of effective government in Formosa and Manchuria before being made mayor of Tokio a few years ago, accepted the earthquake disaster as an opportunity of carrying out the plans that he had for years been formulating for the improvement of Tokio. When he was sworn in as a member of the Yamamoto cabinet on that terrible Sunday, September 22, when the Japanese capital was still burning, it seemed as though conditions were more favorable than ever for the execution of the scheme. The magnitude of the project, however, and more than anything else, the political barriers that had to be overcome, have interfered seriously with the plans of the Viscount and little may come of them, after all.

Tokio has grown to be one of the greatest cities of the world, but it has grown without system or direction, and at the time of the earthquake and fire it was merely a sprawling, overgrown village. The situation seemed to offer the supreme opportunity for building on the ruins of the old chaos a new capital of beauty that would vie with the new cities of the west in methodical arrangement.

The plan, which called for expenditure of over \$1,500,000,000, had to be approved by the representatives of the people in Parliament assembled, and three Viscount Goto's dream were shattered.

Spare the children from suffering from worms by using Miller's Worm Powders, a most effective vermifuge which will combat these insidious foes of the young and helpless. It is an excellent worm destroyer, and when its qualities become known in a household no other will be used. The medicine acts by itself, requiring no purgative to assist it, and so thoroughly that nothing more is desired.

Traffic Rules For Elevators  
More than 9,000,000 passengers daily, it is estimated are carried by the elevators in New York City. This number exceeds the number of riders on the street railways, subways and electric lines, it is said. In many large buildings traffic rules and schedules are observed almost as scrupulously as those of large railroads, in order that adequate service may be rendered.

### An Important Material

No Substance Has Been Discovered to Replace Rubber

Rubber is a peculiar substance, no other like it, and it serves purposes that no other material will serve.

It is one of the important materials that in time must meet a demand greater than can be supplied by W. C. Geer estimates that by 1925 the world's requirements of crude rubber will be between 480,000 and 550,000 tons. At present the material is employed for 20,000 varieties of articles, and the requirement in the motor industry alone amounts to 300,000 tons yearly.

The world's motor cars and lorries on January 1, 1923, numbered 14,507,000. Consuming five tyres to a car, the number of tyres in actual use must be about 72 1/2 millions, and the yearly replacement to keep up the supply may be conservatively taken at 48 millions.

The finding of a material to serve the place of rubber is still a problem of the future. Synthetic rubber, which Germany has ample opportunity to develop, is pronounced by Dr. Geer a dismal failure, and substitutes—even regenerated rubber—have been scarcely more successful.

## NEW PROPOSAL FOR GOVERNMENT BANK INSPECTION

Ottawa.—Hon. J. A. Robb, acting minister of finance, laid before the Banking Committee of the House the proposed scheme of government bank inspection. The important provisions of the scheme are:

(1) A general inspector of banks will be appointed by the Minister of Finance. The inspector may be removed by order-in-council for incapacity, misbehavior or incompetence. It will be the duty of the inspector to examine the head offices of all banks at least once a year and any branch that he may consider it necessary to examine. Confidential reports now sent by the shareholders' auditors to the directors of a bank, will be available to the inspectors.

(2) The inspectors will be given power to examine the general manager or the officials under oath.

(3) Under the present Bank Act, if there is an indication that a bank is going wrong, there is no provision for winding it up.

It is now proposed that, when the inspector is satisfied that a bank is insolvent he shall report to the Minister of Finance who may then, without waiting for the bank to suspend payment, request the Bankers' Association to appoint a curator. This will automatically prevent the bank from accepting further deposits.

(4) It is proposed the bank shall be assessed on their assets for the cost of the inspector and of the officials engaged under him.

## Pronounce "Death Ray" Myth

Deadly Power Failed to Materialize Under Recent Tests

London.—The "deadly power of the death ray" failed to materialize in the recent government tests the House of Commons was told by William Leach, under-secretary of the air ministry.

During the tests, he said, one of the ministry's experts placed himself in the path of the ray and 10 yards distant from the point of emanation. If the inventor's claim had been borne out the expert ought to have disappeared, but the under-secretary was pleased to report that he was doing very nicely, and when he was shown no signs of having suffered.

## Forest Fire Destroys

### Camp Equipment

Loss to Hage Logging Co. Estimated at \$100,000

Vancouver.—The logging camp, equipment and seven miles of logging railroad owned by the Hage Logging Company of Port Coquitlam, about 20 miles east of this city, was destroyed by a forest fire that is raging over the entire district. The loss to the logging company is estimated at \$100,000.

The loggers had no time to save any part of the camp and the flames made such headway that attempts to check them proved futile, many of the men having to flee for their lives. The flames were fanned by a strong wind and swept everything before them.

## A Strange Suicide

Had a Longing to Find Out Mysteries Beyond the Stars

Quebec.—"Do not mind me. My name would be useless to you. But I wish the world to know that I committed suicide because I was too happy. I always got what I wanted in my life. My parents are millionaires. I realized all that it was humanly possible to wish. I do not find life good enough to remain in it. I have a strong longing to find out what there is in another life, and I am going away."

—So read a note pinned on the coat of an unknown young man, found shot through the head alongside a limousine bearing a New York state license, in the woods near the Maine border, at St. Come de Beauce.

Will Propose Standing Committee

Ottawa.—Hon. G. P. Graham, minister of railways, intends to propose to the House the creation of a standing committee to which will be referred the estimates of the Canadian National Railways and the Canadian Government Merchant Marine. When the railway budget was debated in the House, Mr. Graham stated his approval of such a committee.

"Shenandoah" Visited Canada

Lakehurst, N.J.—The Shenandoah, last night, returned to its base almost 24 hours after beginning a 1,000-mile trip over three states, during which it crossed the Canadian border at Niagara Falls.

W. M. U. 1528

## Want Restoration Of Crow's Nest Pass Agreement

Winnipeg.—Emphasizing that the restoration of the Crow's Nest Pass agreement is of vital importance to the people of Western Canada, the Winnipeg Board of Trade adopted a resolution protesting against further suspension of the agreement. A copy of the resolution will be forwarded to Premier Mackenzie King and to the western members of the House of Commons. It was also decided to hold a public meeting of protest.

## Company Will Explore Far Northern Islands

British Arctic Expedition Sailing Shortly From Newcastle

London.—The British Arctic expedition, organized by George Binney, will shortly sail from Newcastle. Two ships have been chartered, a 300-ton Norwegian whale and a small Norwegian sailing ship. A seaplane, especially designed for Arctic reconnaissance work, will accompany the expedition which has the support of the Royal Geographical Society and the air survey committee of the Air Ministry.

The chief object of the expedition is to explore North East Land, an island to the northwest of the main Spitzbergen island. Other objects are to beat the farthest north record of sailing in navigable waters and to investigate the northwest of the Franz Joseph Archipelago.

## Many Land Seekers Coming

Minnesota Farmers to Make Tour of the West in Search of Land

Winnipeg.—As a result of extensive re-organization in the United States of the colonization and development department of the Canadian National Railways, splendid results are being obtained. During the past two months, parties of land seekers have been arriving weekly, and in nearly every instance farm sales have been negotiated.

Professor O. B. Grimley, of St. Paul, who recently joined the Canadian National land sales force, has arrived here with a party of 10 Minnesota farmers, who will make a tour of the west in search of land for themselves and friends, who have delegated them to be on the lookout for locations. It is said this is but the forerunner of many experienced farmers.

## Jap Restrictions Cause

### Anxiety In Britain

Canada's Threat to Cut Quota Might Lead to Complications

London.—The statement made by the Canadian minister of immigration in the House of Commons a few days ago that the Ottawa Government is considering the imposition of further restrictions on Japanese immigration into Canada, is causing some anxiety in Britain lest such a move should lead to further complications, such as those endangering the relations between the United States and Japan. The London Times, in an editorial, maintains that the problem of Japanese expansion is not more serious to the United States than it is to the British Empire. It further comments on the construction of the great naval base at Singapore in view of the possibility of further complications developing in the Pacific.

## Women's Memorial Hospital

London.—Queen Mary will, on July 10, receive from the representatives of the British Women's Hospital, and turn over to the governors, the completed Star and Garter Home for disabled soldiers and sailors at Richmond. The building has been erected by the generosity of British women at home, in India, the British Dominions and Colonies throughout the world to form the women's memorial of the Great War.

## Might Pay Further 10 Per Cent.

Ottawa.—Asked whether or not there would be any further payments made by the defunct Home Bank, C. T. Clarkson, liquidator, told E. G. L. Porter (Conservative), West Hants, at the meeting of the House Committee on Privileges and Elections, that "under normal conditions a payment of 10 per cent. might be expected."

## Dr. Banting Married

Toronto.—Dr. F. G. Banting, celebrated as the discoverer of insulin for diabetes treatment was married June 4, to Miss Marion Robertson, daughter of Dr. William Robertson, of Elora, Ont., whom he had met in the Bush De- lations and Colonies throughout the world to form the women's memorial of the Great War.

## Britain Favors Adamson Bill

Not Alarmed Over Prospect of Women Voters Outnumbering Men

London.—The eventual passage of the Adamson bill, giving the vote to women of 21 years, is generally taken for granted. As the female voters in Great Britain will considerably outnumber the males, in that event the potential result will be that the destinies of the country would for the first time be placed in the hands of its women, but the prospect seems to be viewed without concern.

The Daily News thinks that the proposed widening of the women's franchise is right and reasonable, and it seems no reason to suppose that the young women will use their privilege less wisely than the young men.

The Daily Express believes the change to be reasonable, logical and in the interests of the highest good of the commonwealth.

The Daily Graphic, while opposed to granting suffrage to anyone at the age of 21, sees no reason why the women would exercise it less efficiently than the men. The paper professes to be in no wise alarmed at the prospect of the women voters outnumbering the men.

## AMENDMENT TO THE BUDGET IS VOTED DOWN

Ottawa.—On a division of 125 to 36, a Conservative amendment to the budget, presented by A. J. Doucet, Kent N.B., was voted down in the House of Commons. The majority against the amendment was 92. Two Liberals, H. M. Marier, of St. Lawrence-St. George, Montreal, and E. N. McGee, Sherbrooke, voted with the Conservatives. All Liberals, with these exceptions, and all Progressives, voted against the amendment.

Mr. Doucet's amendment was the same as had been presented previous to the Woodworth amendment being presented, and provided that the welfare of Canada "requires a consistently maintained protective policy."

After the defeat of the Doucet amendment, the bill to give effect to tariff changes, proposed in the budget, was given a second reading, and the House went into committee upon it.

Second reading was then given to the bill amending the Special War Revenue Act, 1915, and the House went into committee on it. This bill is to give effect to the changes in the sales tax.

Sir Henry asked if the minister was in a position to give the House a statement of the losses in arrears under the Sales Tax. Mr. Robb replied that it was difficult to obtain this information.

Mr. Doucet stated that there were arrears, not only in the Sales Tax, but in the tax on soft drinks. The department had found that if they insisted upon payment of the tax in some cases, it meant that the company concerned would go to the wall. Therefore, they had been lenient. The sales tax, he said, was difficult of collection, but it was equitable.

## ON THE BEACH AT MANITOU

Long before the palaces came to the broad and rolling prairies, the Red man knew and appreciated the curative properties of Little Lake Manitou, which is located near Watrous, Saskatchewan, on the main line of the Canadian National Railways.

The first white settlers who came, in advance of the railways, to settle on their homesteads in and around Watrous, soon learned of this lake with its highly mineralized waters, so that Little Lake Manitou had its reputation made when the first settlers reached the country.

Today thousands of residents of prairie cities find Little Lake Manitou an ideal watering place, and excur-

## Women's Peace League

state chairman of the Women's International League for Peace and Freedom, who declares there is no truth in the story that members of the association take a pledge against aiding their governments in war time.

## Bandits Demand Ransom

Missionaries in China Are Released and Return in Pitiable Condition

Canton, China.—Their clothes torn and their hats lost, Rev. Dr. Robert A. Jaffray, Canadian head of the Christian Missionary Alliance at Fuchow, and Dr. H. G. Miller, also of the Missionary Alliance, have returned to Woohoo, released by bandits that they might arrange ransom for other missionaries still held captive.

E. H. Carne and Rex Ray, the two white men held, will be released on receipt by the bandits of \$200,000 in gold, a hundred pistols, a thousand rifles and a large quantity of ammunition, according to Dr. Jaffray.

Jaffray and Miller endured great hardships in making their way to Fuchow from the mountain stronghold of the bandits. They were told that they would be allowed two weeks to arrange ransom for the captives.

## Swede Suicides By Diving From Train

Left Money To Be Sent To Parents In Sweden

The Pas, Man.—Anders L. Anderson, 20, a Swede who had been in Canada one year, dived off the rear of the southbound train from The Pas, June 4, while temporary insane, the coroner's jury decided. Anderson gave all his money to a man on the station platform before the train pulled out of here, with instructions to pay two debts for him and send the remainder to his parents in Sweden. Soon after the train left The Pas he was seen by a passenger to dive head foremost from the rear end. He was dead when picked up.

## No Shortage of Applicants

Windsor, Ont.—University graduates, British war pensioners, college students and retired citizens are among the 80 applicants for the position of caretaker of the City Hall at a salary of \$100 a month.

## Urges Repeal of British Preference

Ottawa.—British manufacturers are dumping goods into Canada, said Senator David (Liberal, Montreal), in the Senate, urging his motion for repeal of the British preference on imports into Canada until such time as the British Government grants a reciprocal tariff on Canadian goods, or for the suspension of the preferential duty until some other agreement has been reached.

## Record Shingle Train

Everett, Wn.—One hundred and fifty cars of British Columbia shingles, pulled by three locomotives, left here for Buffalo, N.Y., and Eastern States. It was said by Great Northern Railway officials that it was the longest shingle train to leave the Pacific coast in the history of the railroad. The train was assembled here.

## Open Up Homestead Lands

Moose Jaw.—Under direction of Dominion Lands officials some homesteaded properties in a choice farming area of the province at Beaver Crossing were thrown open for settlement here. The land seekers applying were numerous. 109 sections comprised the tract.

## Apostolic Protectors

Rome.—Mgr. Mattia Bilham, of Duluth, and Mgr. Giuseppe Eleonardi, of Gaspé, Canada, have been appointed apostolic protectors of the Holy See. Mgr. Bilham, both of Quebec, were appointed domestic prelates.

## Memorials Leave For Mexico

Saskatoon.—A party of 140, men, women and children, old colony men, monies, left Hague for Durango, Mexico. They are being transported in a special train of 18 freight cars, three passenger coaches and a baggage car.

## Parliament To Protect Innocent Party In Divorce

Ottawa.—Parliament will continue to give the innocent party to a divorce the right of re-marriage without-maintaining the rights of the other party. The Senate divorce committee this session introduced a new form of divorce bill, which would dissolve the marriage and nullified all reference to the right of re-marriage. There was a fear, however, that this new bill might create legal difficulties as regards re-marriage, and, in consequence, the House committee put back in some 10 divorce bills the old section conferring the right mentioned.

## Mother and Children Lose Lives In Fire

Mrs. Papall Dies In Effort to Save Son and Daughter

Toronto.—Mrs. Harry G. Papall, wife of Harry G. Papall, of Toronto, formerly manager of the Amelias Bay hotel, died from the effects of a fire, aged 5 years, and Rosemary, aged 3, lost their lives when their summer cottage at Eastbeulah Lake Simcoe, was destroyed by fire June 4. Allen, aged eight years, the eldest daughter, and the maid escaped.

According to the details of the tragedy, which have reached the relatives of the family, Mrs. Papall, her daughter Allen and the maid, rushed out for help when they discovered the flames, but, as the nearest residence is a considerable distance from the cottage, no assistance could be obtained.

The maid and Allen rushed along the road to common help when Mrs. Papall went back into the burning cottage to rescue her two children. That she had succeeded almost in effecting their rescue, is shown by the fact that their charred bodies were found in the ruins of the cottage and while her body was discovered just inside the door of the cottage. The fire was caused by the explosion of a gasoline stove.

## Plan Big Building Programme

Sask. Co-operative Elevator Company Will Spend Half Million

Regina.—The plans are carried out, this year should be the biggest building year since the pre-war period for the Saskatchewan Co-operative Elevator Company. An unofficial estimate of the proposed building programme for the season is half a million dollars.

While actual building operations have only started at eight points, organization is now underway at 32 other points, though building at several places depends largely on the fate of the Canadian National Railway programme in the Senate.

If this season's plans are carried out, the company will own and operate a total of 150 elevators. The company's storage capacity will be increased by 1,200,000 bushels, bringing it up to 16,200,000. The terminal capacity is 15,100,000 bushels.

## Urges Repeal of British Preference

Ottawa.—British manufacturers are dumping goods into Canada, said Senator David (Liberal, Montreal), in the Senate, urging his motion for repeal of the British preference on imports into Canada until such time as the British Government grants a reciprocal tariff on Canadian goods, or for the suspension of the preferential duty until some other agreement has been reached.

## Record Shingle Train

Everett, Wn.—One hundred and fifty cars of British Columbia shingles, pulled by three locomotives, left here for Buffalo, N.Y., and Eastern States. It was said by Great Northern Railway officials that it was the longest shingle train to leave the Pacific coast in the history of the railroad. The train was assembled here.

## Open Up Homestead Lands

Moose Jaw.—Under direction of Dominion Lands officials some homesteaded properties in a choice farming area of the province at Beaver Crossing were thrown open for settlement here. The land seekers applying were numerous. 109 sections comprised the tract.

## Apostolic Protectors

Rome.—Mgr. Mattia Bilham, of Duluth, and Mgr. Giuseppe Eleonardi, of Gaspé, Canada, have been appointed apostolic protectors of the Holy See. Mgr. Bilham, both of Quebec, were appointed domestic prelates.

## Memorials Leave For Mexico

Saskatoon.—A party of 140, men, women and children, old colony men, monies, left Hague for Durango, Mexico. They are being transported in a special train of 18 freight cars, three passenger coaches and a baggage car.

## SHOWS AMOUNT STILL OWING ON SEED ADVANCES

Ottawa.—The House of Commons, in committee of supply, reverted to Hon. Charles Stewart's estimates for Dominion lands and parks. An item of \$50,000 for protection of migratory birds was adopted with little discussion.

In connection with the vote of \$50,000 for the administration of the act in regard to seed grain advances, Mr. Stewart stated that the total amount now outstanding was \$3,751,775 of principal and \$1,504,984 of interest, remaining unpaid on a total advance of \$18,000,000. The amount collected last year was \$268,000, and the cost of administration was \$50,000.

The minister explained the vote of \$100,000 required to provide relief, by way of supplies of food, clothing, fuel, etc., for needy settlers in Alberta and Saskatchewan, by co-operation and agreement with the provincial governments. The vote was reduced from the previous year by \$25,000.

To permit the government to bring down some further information demanded by the opposition, the item was allowed to stand over.

## Fortunes Won On Derby

Kenya Colony Man Gets Calcutta Sweepstakes of \$350,000

London.—Several large fortunes have been won by persons in various parts of the British Empire in sweepstakes on the results of the Derby, which was won by the Earl of Derby's Sansovino, the richest prize, the Calcutta Sweepstakes, of £70,000, going to a man living at Nairobi, Kenya Colony.

Second prize in the Calcutta Sweepstakes worth £35,000 was won by Harcourt Johnstone, member of parliament of a half interest in the £200,000 of a half interest in the stakes for £3,000. Phillip Millard, a London engineer, won the Stock Exchange sweepstakes of £50,000, but had also disposed of a half interest in the £200,000 of £30,000 was shared by three London brothers, all members of the Stock Exchange. Several other sweepstakes netted up to £5,000.

## OTHER NATIONS RESPECTED BY TRUE PATRIOTS

Toronto.—Censuring those whom he termed advocates of that type of tepid humanitarianism, which cares equally for all because it does not care profiting for any, Rev. Dr. H. J. Cody, of Toronto, in addressing the convention of the Imperial Order Daughters of the Empire, said:

"I do not think we need be ashamed of the virtues of patriotism. Patriotism may be proper or improper," he continued, "but true patriotism will never despise or discriminate against any other country just because it is another country."

"That little island over the sea," which was the mother of the present majority family of dominions, he spoke of in rousing terms, which drew tremendous applause from the audience, in which there was a generous sprinkling also of the Sons of the Empire.

As a result of discussion of the immigration report of Mrs. William Pettit, of Quebec, at the convention of the Daughters of the Empire, a resolution will be sent in to the National chapter, pointing out that children under 14 and 16 are incapable of doing farm labor, and that it would be inadvisable, and not in the interest of child welfare, to continue bringing out these children for farm work.

The community system adopted by the Daughters was not desirable in Canada, Mrs. Pettit said in her report, as the community system allowed settlers from foreign countries to combine in a lower standard of living than would be the case if they were accepted on their own merits.

The British Columbia chapter proposes the adoption of a resolution suggesting that the National chapter petition the government not to bring in foreign settlers under the community system. There was a feeling manifested during the discussion that only immigrants who were prepared to do agricultural work should be brought out.

To stimulate patriotism and offset Bolshevist propaganda, chapters throughout Canada have now commenced to form I.O.D.E. Girl Guide companies. This decision was reached at the conclusion of the Girl Guides report read by Mrs. A. H. Macdonald, St. Catharines.

## Local and General Items

Why should Switzerland Byrne?

ICE FOR SALE—Apply to Union Hotel, Frank.

A local store was broken into last week end and a rifle and other articles taken.

Mrs. M. Moss, of Kingston, Ontario, is a visitor here with her father, Mr. Thomas Appleby.

Pincher Creek Rebekahs and Odd-fellows will hold their annual memorial service in their hall tonight.

A convert—A certain building that for the past few years has been housing stools, will in future house tools.

An exchange says: "Many a man today would make a better choice of a life partner if he were blessed with blindness."

Even an Alberta editor expresses favor with bobbed hair—and they are the last on earth to agree to anything, so it is said.

At the regular convention of Livingstone Lodge, Knights of Pythias, tomorrow (Friday) night, the rank of Esquire will be conferred.

Yes, sir, we really had torrential rain last week end, and for several days it looked as though we were to have a repetition of the 1923 flood.

Mr. G. G. Coote, M.P. for this constituency, will move for amendment of the Bank Act to limit any loans to 10 per cent of the paid up capital of any bank.

George F. Baker, who next month will be 84 year old and the third richest man in the U.S.A., has given \$5,000,000 as a permanent foundation for Harvard Graduate School.

Edmonton Commercial Graduates' girls' basketball team, are now the undisputed champions of the world having this spring defeated one champion team from Ontario and two from the United States.

P. M. Christophers, M.L.A., will address a public meeting at the Orpheum theatre on Sunday evening at 7:30 p.m. on the subject of "Resumé of the work done at the recent session of the Alberta Legislature."

"Bob" Gray, local manager for the wholesale firm of Plunkett & Savage (Leithridge) Limited, was a visitor to Moose Jaw last week end, where he attended the convention of U. C. T. Bob was elected to the office of Grand Page.

Before now room furnishings at a hotel or boarding house consisted of a bed, chair and bureau. Now an ash tray, bottle opener, box opener, several glasses, a case of seltzer powder, a corkscrew and several packages of Sen-Sen have to be added.

A convention marking the fiftieth anniversary of the I. O. O. F. Grand Lodge of British Columbia is being held at Vancouver this week. Bro. D. H. Proudfoot has the distinction of being the fiftieth Grand Master, while Fred Davis is winding up his fortieth year as Grand Secretary. The event was fittingly celebrated yesterday, when thousands of members of the Order joined in a procession through the streets of the beautiful coast city.

Stephen Bilecki, aged 18, lost his life in the Columbia River on May 31.

George Patterson says he will apply for the position of Inspector of Blaimore's municipal police.

Mrs. Evan Morgan is spending a few days with Mrs. Joseph Morgan at the ranch near Landbreck.

John T. Sterling, chief of the department of mines and workmen's compensation, was in town yesterday.

The club of the G. W. V. A. was opened for the sale of beer on Saturday last. Sale is confined to membership.

When Fernie and Michel miners threatened to break away from the International, a promise of relief funds was made.

A genuine realtor is a man who can make you yearn for a lot that you wouldn't pay taxes on if a rich uncle would it to you.

Auto bandits staged a sensational raid in the centre of the City of New York, getting away with about half a million dollars worth of gems.

If stretched out on a clothes line, the 63,577 pieces of linen on the Canadian Pacific around-the-world cruiser, Empress of Canada, would reach 150 miles.

Rev. J. N. Wilkinson, who has been in charge of the Methodist and United Church work at Pincher Creek for the past five years, has been assigned work at Provost, Alberta.

On May 15th, at the parsonage here, Miss Frances Andel, second daughter of Mr. and Mrs. Andel, of Frank, was united in marriage by the Rev. W. T. Young to Mr. Harvey McEwan, of Kimberley, British Columbia. They have taken up residence at Kimberley.

Miss Denton, last year's superintendent of the Blaimore Chautauqua, passed through Blaimore last week end, enroute to Cardston, where she is this week looking after the Chautauqua programme.

The average penalty meted out to parties at Calgary for "stealing" a ride on the C.P.R. is one or two dollars. The average in the Crows' Nest Pass for the same "crime" is thirty days' work for the government.

It's a mistake to spend five cents with a newsboy for a paper when you can drop into a hotel lobby or private reading room and see one for nothing, at the same time sheltering your dear self from the raging storm outside.

Because of our persistent denouncement of the bobbed-hair habit, we were threatened with a lynching last week end. We take this opportunity of apologizing to the ladies whose feelings were most hurt, and promise that we will never again bring up the subject—unless an opportunity offers.

Our old friend, Mike Ross, was one of a number of Vancouver hoteliers who recently pledged their services wholeheartedly to the hotel-parlorizing public. Mike occupies the greater portion of a picture of the group contained in a recent issue of a Vancouver daily paper.

## Notice to Creditors

IN THE SUPREME COURT OF ALBERTA, JUDICIAL DISTRICT OF CALGARY

IN THE MATTER OF "The Companies' Winding Up Act."

AND IN THE MATTER OF FRANK-CANADIAN COLLIERIES, LIMITED (In Liquidation).

TAKE NOTICE that L. F. Clarry, Esquire, Master in Chambers, has fixed the 27th day of June, A.D. 1924, as the date on or before which all creditors and others having claims against the Liquidator, the Liquidated Company, the Trusts & Guarantee Company, Limited, Calgary, Alberta, such claims to include the Christian names, addresses and descriptions of the creditors of claimants and full particulars of their claims and the nature and amount of the securities, if any, held by them and the value of such securities verified by oath.

After the said date the Liquidator shall be at liberty to distribute the assets of the Company or any part thereof amongst the parties entitled thereto having regard to the claims of which the Liquidator has then notice, and the Liquidator shall not be liable for the assets or any part thereof so distributed to any person of whose claim the Liquidator had no notice at the time of distributing the said assets or part thereof, as the case may be, and persons failing to send in claims as aforesaid will be precluded from the benefits of "The Companies' Winding Up Act" and the Winding Up Order herein.

DATED at Calgary, Alberta, this 11th day of June, A.D. 1924.
